MEMORANDUM FOR: Deputy to the DCI for Resource Management

FROM: John F. Blake  
Deputy Director for Administration

John:

1. I have your memo of 14 April concerning the transfer of staff slots used to support the Security Committee. You asked that I withdraw the request.

2. I admit to lack of propitiousness of the time to transfer these slots as developed in paragraphs 2a and b. I am perfectly willing to await for the end of the current dialogue with the Congress on this matter before further pursuing it.

3. As it pertains to other matters, however, it all boils down to a very simple issue. There were three jobs and three people used by the IC Staff to handle this matter and I see neither the logic or equity of expecting me to do with less. The Committee has not been eliminated, as your paragraph 1 says, but has only been transferred to different management.

4. What I will be happy to do is to temporarily "stand down" until we both are aware of the ultimate will of the Congress. At that stage I suggest we have a discussion of the matter and then we will see where we go from there.

FROM:   
Deputy to the DCI for Resource Management

SUBJECT: Transfer of Positions to the Directorate of  
Administration from the Intelligence Community  
Staff

REFERENCE: Your Memorandum to the Director of Personnel,  
DDA 78-1381, dated 3 April 1978, same subject

1. In conjunction with the realignment of the Resource Management Staff and the establishment of the National Intelligence Tasking Center, you have asked the Director of Personnel, CIA, to transfer three positions and associated grades from the Intelligence Community Staff (ICS) to DDA, CIA. The positions to be transferred have, until now, constituted the ICS Security Committee. The position of Chairman of this Committee has been vacant since October 1, 1977, the Director, Office of Security, CIA, having filled this position as an additional duty since that time. One incumbent has been a non-reimbursable detailee who, with the elimination of the Committee, will return to his parent organization.

2. To transfer these positions would be both premature ~~STATINTL~~

relating to Intelligence Community Oversight. The ICS  
manning level was a matter of specific congressional debate  
in the FY 1977 appropriations process. To change that level  
without congressional concurrence could be considered to  
evidence a disregard for congressional intent.

SUBJECT: Transfer of Positions to the Directorate of Administration from  
the Intelligence Community Staff

b. A very complex FY 78 reprogramming/FY 79 budget amendment involving the ICS, CIA, CCP and GDIP is presently under consideration. Under the CIA/ICS portion of that action, a total of 53 spaces are to be transferred from CIA to ICS. Offset against these are the three Security Committee spaces. This gives rise to a net transfer to ICS from CIA of 50 spaces. The return of the three Security Committee spaces to CIA would necessitate a revision to the FY 78 reprogramming and the transfer of an additional three spaces from CIA to ICS.

c. This would be a most inopportune time to transfer supergrade ceiling from ICS to the CIA. We are presently attempting to gain additional supergrade positions from Defense to augment the ICS. To transfer supergrade positions from ICS to CIA while this is pending would create the distinct impression that we were moving supergrade ceiling directly from Defense to CIA. This impression could jeopardize the Defense/ICS supergrade transfer.

3. For these reasons, I request withdrawal of the referenced memorandum for the Director of Personnel (DDA 78-1381).
